PROVISIONAL FEE ORDER

The Fee Regulatory Committee (FRC Medical) has invited the fee proposals with requisite data from the institutions/colleges listed below. The FRC is in the process of determining the just and fair fee structures for these institutions/colleges, however, completion of the entire process/exercise is likely to consume substantial time.

In the meanwhile, to facilitate the process of admission of students to these institutions/colleges, they are directed to charge the existing fee as 'Provisional fee' from the students. It will be subject to the final fee structure that may be determined by the FRC for the block period of three years commencing from 2021 to 2023. It is clarified that the fee specified is purely provisional and it is to be adjusted by the students/institutions/colleges, as the case may be in accordance with the final fee structure that may be determined by the FRC after completing the requisite exercise.

Each College/Institution is also advised to comply with following additional conditions:

- It shall not take fees for the full course at the time of admission. The fees should be collected per semester / term of 6 (Six) months as the case may be.
- It shall not ask for any bank guarantee or security of any kind from students or their parents.
- It shall not force on the students, any facility including hostel and transport as part of the condition for admission or its continuity till the end of the full tenure of the course.
- It shall notify the fee structure on the College Notice Board and display copy of this order on its Mandatory Disclosure Link on its web site.

- e. The College/ Institution will be free to fix fees for NRI students up to 15 % of the intake capacity subject to intimation of the same to the Committee. The difference of amount of the fees from the NRI category students and Management students shall be used by the college/institution for providing scholarship to the students and/or increasing infrastructure facilities. The college/institute shall also furnish all the information pertaining to the utilization of excess fees from the NRI category students as per the Information Memorandum submitted by it to the Fee Regulatory Committee in the next block of three years.
- f. The College is advised to work out a financial aid scheme through which it shall provide waiver or relief or concession in fees to the students belonging to weaker section of the society.
- g. This order has been made under section 10 of the Act hence violation of any of the provisions contained in it will render the management of the institution liable to be proceeded against under section 14 of the Act.
