*FRC medical / PROVISIONAL fee ORDER 12712020*

**Date:** *07/02/2020*

## **PROVISIONAL FEE ORDER**

The Fee Regulatory Committee (FRC Medical) has received fee proposals together with requisite data from the institutions/colleges listed below. The FRC is in the process of determining the just and fair fee structures for these institutions/colleges, however, completion of the entire process/exercise is likely to consume substantial time.

In the meanwhile, to facilitate the process of admission of students to these institutions/colleges, they are directed to charge the existing fee as 'Provisional fee' from the students. It will be subject to the final fee structure that may be determined by the FRC for the block period of three years commencing from 2018 to 2021. It is clarified that the fee specified is purely provisional and it is to be adjusted by the students/institutions/colleges, as the case may be in accordance with the final fee structure that may be determined by the FRC after completing the requisite exercise.

The College/Institute is also advised to Comply with the following additional conditions:

- a. The College shall not take fees for the full course at the time of admission. The fees should be collected per semester / term of 6 (Six) months as the case may be.
- b. The College shall not ask for any bank guarantee or security of any kind from students or their parents.
- c. The College shall not force on the students, any facility including hostel and transport as part of the condition for admission or its continuity till the end of the full tenure of the course.

- d. The College shall notify the fee structure on the College Notice Board and display copy of this order on its Mandatory Disclosure Link on its web site.
- e. The College is advised to work out a financial aid scheme through which it shall provide waiver or relief or concession in fees to the students belonging to weaker section of the society.

To,  
The Principal/Dean  
All the Concerned Institutes.
